

**Translation to Practice® Program: Participant Frequently Asked Questions****1) What is t2p™?**

“t2p™” stands for Translation to Practice®. t2p™ complements CME activities already approved for AAFP Prescribed credit. It offers learners the opportunity to apply what they learned in the CME activity, and report back on how the learning was translated into practice. Translation to Practice® began as a pilot in 2010, and has been administered by AAFP and many participating chapters since that time. AAFP members attending a chapter meeting may engage in one t2p™ exercise per CME activity.

**2) What is the purpose of t2p™?**

AAFP seeks to provide CME that will improve physician’s ability to provide quality patient care. The result of quality education is not experienced in the classroom, but in your practice. t2p™ creates an opportunity to purposefully apply learning following participation in CME.

**3) Is this for members only, or non-members as well?**

t2p™ is for AAFP members only.

**4) Is there a max number of t2p™ credits I can earn in a year? In a re-election cycle?**  
No.**5) Does t2p™ cost me anything?**

No. The learner does not incur additional cost for participating in the t2p pilot.

**6) Can I use t2p™ for any CME course?**

Currently, t2p™ is only being offered in conjunction with provider-selected AAFP and AAFP chapter CME activities.

**7) How do I get started?**

Your chapter will provide you with the information & resources you need to begin the process. You may begin the first steps of t2p™ as soon as the CME activity has concluded.

**8) How many credits do I earn for participating?** Two (2) Prescribed credits are awarded for the full completion of a t2p™ activity.**9) How do I report my credit?**

Members cannot self-report t2p™ credit. Completed t2p™ materials must be returned to the chapter provider, according to the chapter’s instructions. The chapter will report all earned t2p™ to the AAFP no later than 150 days after the original CME event.

**10) When can I start my t2p™?**

At the conclusion of the activity, as soon as you’ve identified a practice change for which you’d like to engage in t2p™, you can begin the process.

**11) What are the steps?**

Step One: Complete commitment to change statement. Step Two: Implement change. Step Three: Complete follow-up questions.

**12) Is there a deadline for participating?**

Yes. You must begin complete Step One within 30 days. Step Three must be completed within 120 days of submitting Step One.

**13) What if I forget my deadline? I’m afraid I can’t keep track of all these dates.**

Chapter staff will send reminder e-mails to prompt you to begin Step One, as well as to complete Step Three prior to the closure of the t2p™ opportunity.
